

The **BL2615 MG Pro** is a mechanical push button coded lock with a horizontal action deadbolt for the inside. The ergonomic design and simple operating procedure ensures access for authorised personnel only. Over 8,000 different code combinations to choose from provide greater security. The 1000 hour salt spray tested finish has been applied to the body of the lock to withstand the harshest of environments.

Easy to fit and supplied with fixings to suit doors and gates up to 85mm thick. All parts and fittings included. Deadbolt keeps are oversized vertically to allow movement of the gate and/or post. All the internal components are chemically treated for extra strength and durability, which is something other manufacturers neglect.

- Weatherproof Design
- Over 8000 code combinations available
- Cycle tested to 100,000 operations
- 1000 hour salt spray tested
- 1 year guarantee against faulty materials and workmanship
- ISPS compliant
- Available left or right handed
- Deadbolt withdrawn length 32mm (1 1/4")
- Deadbolt thrown length 70mm (2 3/4")
- To suit door & gates up to 85mm thick
